Updates on ERA 2.0

David Lake

Program Manager, ERA

Sam McClure

Electronic Records Program Director

Timeline to Agency Use of ERA 2.0

- Project to migrate Records Schedule and Transfer Request forms data from the current ERA Base system to the revised versions of these forms in ERA 2.0 is nearing completion
- Final migration of data will require a pause in the use of ERA for a period estimated to be up to four weeks
 - If the migration project remains on schedule, we will stop use of the current ERA Base system in late March and launch ERA 2.0 in mid April
- As in our earlier updates – these are earliest possible timelines
 - Specific dates to be announced shortly
 - Any subsequent changes to dates will be communicated

User Accounts

- ERA 2.0 Agency user roles are same as current ERA roles (Records Scheduler, Certifying Official, Transferring Official, Approving Official)
- NARA will create accounts in ERA 2.0 for all current agency users of ERA based on current ERA user profiles
- PIV/CAC Authentication Requirements:
 - Active ERA 2.0 account and active OMB MAX.gov profile for PIV/CAC authentication
 - For users who do not have a PIV/CAC we can support with alternate authentication means
 - For assistance with MAX.gov profile issues - MAXSupport@max.gov
 - The ERA Help Desk (ERAhelp@nara.gov) is always a good point of contact

Communication

- AC 15. 2023 - Preparing for ERA 2.0
<https://www.archives.gov/records-mgmt/memos/ac-15-2023>
- More specific information coming in AC Memos
- System Notices (Emails to every ERA user from the ERA Help Desk)
 - Redirect from URL of original ERA
- Updated ERA information on archive.gov
 - job aids, training content, account request forms, etc.

Support

- “Office Hours” – an open session for any issues related to ERA
 - First session will be held on the Friday of the first week of system use
 - More details to be shared soon
- Close monitoring of trouble tickets reported to the ERA Help Desk

Agency Use of ERA 2.0

We will continue to refine and update the timeline for the shutdown of ERA Base and the release of ERA 2.0 for Agency use

We will continue to communicate whether we remain on the current schedule or have to postpone
